## Lukasz Meissner

Lukasz has 15 years of professional experience across several organizations including a large international consulting firm (PwC), a global technology manufacturing corporation (Honeywell) and a private logistics enterprise (Raben Group).

His experience in finance includes accounting, strategic planning and budgeting, international controlling in complex business processes, consolidation, sales and marketing controlling, tax planning, transfer pricing, project appraisal and capital budgeting, long-term contracts and project management, process re-engineering, business tools.

Lukasz took part in management development programs for high potentials – was exposed to best in class practices and standards in finance management.

Lukasz feels best having real influence on the behavior of the organization driving business forward. He is highly energetic and assertive person. He has personal and business maturity, executive stature, leadership skills and charisma. Lukasz main duty in DCT will be to oversee financing of major expansion plans of DCT in the next couple of years.
